Bundesliga International GmbH
Head of Licensing & eSport
Eschersheimer Landstraße 14, 60322 Frankfurt am Main

Dear Dominik,

I am seeking an opportunity to learn, contribute and succeed in the soccer and eSport industry.

Having earned my Bachelor of Science in *Business, Language, & Culture*, from the Copenhagen Business School, I understand the power of culture in a business-context and am determined to work for a sports company that challenges and embraces culture to achieve success. Technology, Media, and Management are my particular areas of interest. Understanding that Licensing and eSport not only bring these three scopes together, but also HR, sponsoring, and finances, I am eager to learn multifaceted, and work for the DFL. I want to be part of what is arguably one of the world's best leagues. My own experiences as a soccer player across multiple countries have only reinforced the desire to combine my passion with my career. By the end of this year, I will be a Junior FullStack Developer, and know that I want to expand my learning in digitalisation and eSport.

Curiosity, spirit, and goal-oriented are characteristics, which will enable me to contribute quickly and proactively in a new business environment demanding open-mindedness, tenacity, and teamwork.

Through my international background, I have developed strong communication skills, positive attitude to teamwork, and dexterity to adapt to change. A strong commitment to excel, coupled with self-discipline is a mindset I bring to the table.

The enclosed resume details my experience and qualifications. Please contact me if an appropriate opportunity exists or arises for me in the department for Licensing and/or eSport. Thank you for your time and consideration. I am looking forward to hearing from you.

Sincerely,
