RUNNING BUDDY

Demo Day

- already logged in as **SOPH**

- Already be buddied up with Anna <u>and </u>Arthur! (I want to unbuddy Arthur later)

- Introduce myself as runner in Munich

- I came across this cool Running Buddy app a few weeks ago and have been using it ever since.Like many other runners, I was looking for a buddy to socialise with on my runs and get to know new parts of the city!

- **JOIN RUNS** button lets go

- Oh cool I see there is even a **(click) trail run right outside Innsbruck!** Would have been so cool to run that with somebody while I was living there on my exchange

- I want to go **back** to all the runs

- I think I'm just gonna **create my own run** for next weekend cuz I know ill be out and about! **Fill in inputs and press Create Run**

- Allright its time for me to find me a run for tonight! So I'll search by length('9')… too bad its quite far away…

- actually I want to search by my location('***münchen***') makes most sense. I am not really limited to time these days so I am up for any short or lengthy run!

- Isarvorstadt Block Run sounds really cool. I love urban runs and, since I'm not from Munich, I get to see even more of the city. Let's check it out!

- Isarvorstadt Block **More button**

- oohhh 13k sounds like a good distance to cover… plus this girl Johanna has scheduled her run for tonight that's perfect!… She seems like she'd be a good buddy to run with!

- I wanna **JOIN** her

- **Johanna muss meinen run confirmen**

- I'd actually really like to know more about **<u>Johanna </u>** let me take a look..

- She seems like pretty avid runner as well and she's roughly my age .. Nice!

- I want to link with her! Let's **BuddyUp!**

- Awesome - her and I are running buddies now. And I can see my other buddies with whom I ran a few weeks ago. I remember Arthur being a little fast for me and he also made me talk quite a lot I had a hard time breathing, I think I might **Unbuddy** him..sorry!

- Allright…click **Footer community icon** I would now love to dive into the running community.

- Interesting. Before I check out the Chat I wanna see what other runners are out there! **Browse other runners** button

- Ah that would be me! I've been training a lot lately so I would actually like to quick **edit my profile** and change my running level.

- Change running level from **'1'** to '**4'** then **update user**

- I'm satisfied with my profile now.

- I'm really a fan of this apps concept. I'd like to know a bit more about its creators. **Click Team Info Icon**. Ah interesting, they seem to be a rather young and dynamic team of developers…I'll check out more about them this weekend. But They've certainly made running during covid times less lonely and more fun!

- Ok. Now I want to get into contact and **Chat** with my new buddy Johanna. click **Footer community icon**

- Click **Chats** button

- Click **Johanna.** Here we go, I hope she's online too!

    - **S:** 'Hey Johanna'

    - **J:** 'Hi Sophia'

    - **S:** 'Would love to run with you tonight through downtown Munich!'

    - **J:** 'Perfect - I already confirmed your join request :)"

    - **J:** 'Let's meet at the specified location 8PM!?'

    - **S:** 'Sounds perf'

    - **J:** 'Cool - looking forward to our run. See you tonight!'

    - **S:** 'Yes let's go!! See you!'

- Sweet .. I now have my run set up for tonight after a long day of sitting at work. It's almost time to meet my running buddy Johanna!! GOTTA RUN!!

DONE.
